INTERNATIONAL SUMMER SCHOOL

ENGLISH SUNNY SCHOOL OF CYPRUS...

... was founded in the year 2000 and since then we have been teaching English to students of all ages, who come from a variety of countries. We base our reputation on the quality of our teaching as well as on the entertainment and extra cultural and sporting activities which we offer. Students of all ages and abilities can attend the school during the hot summer months of July and August. In addition, we endeavour to fulfil special requests by organizing tuition and recreation all the year round. We aim to provide our students with a unique opportunity for social and cultural development, in a caring environment where they can learn English by communicating with students from all over the world.

CYPRUS...

... is the third largest island in the Mediterranean Sea, after Sicily and Sardinia. Wherever you go on the island you can find evidence of British Colonialism, modern British life as well as fascinating ancient Greek culture and, of course, Cyprus is renowned for its hospitality. Staying on the island can be an unforgettable experience, full of attractions and possibilities for new friendships. The clear blue sky, palm trees, sandy beaches, beautiful hotels, prominent mountains, delicious cuisine and mystic ancient monuments - what else can one expect from such a great holiday destination?

LARNACA...

... is the main resort in the south-east of Cyprus, with a population of approximately 80,000 people and it is the first taste of Cyprus for many incoming visitors. Larnaca has a lot to offer: along the promenade you can find the Marina frequented by yachtsmen from all over the world, the 17th century fort with its Medieval Museum, cafes and tavernas with local beverages and food. You can visit beautiful ancient churches, monasteries, the salt lake with colonies of flamingos and much more. Larnaca with its history and culture, sandy beaches and sea is the best starting place to discover the past and to taste the present on the wonderful island of Cyprus.

CLIMATE...

... of Cyprus makes the island one of the healthiest places in the world. A long dry summer and a mild winter creates an atmosphere approaching paradise, as you can enjoy the bright sunshine and swim in the sea the whole year round.

ESSC LARNACA CENTRE...

... is located in a nice, friendly two star hotel, which is situated directly on its own sandy beach, in the tourist area with many famous hotels, 7 km from the town centre of Larnaca. Passing through the main lounge area we step into the outdoor bar and restaurant area which leads directly onto the beach. This is where the majority of the meals are served with guests helping themselves from an extensive buffet. For those who wish to keep in shape while they are here, there is a gym and games area downstairs, below the reception area. The swimming pool is one of the most popular places in the hotel since one can swim and then lie on a sun-bed looking at the sea! ESSC students can also use the internet or computer in the main lounge (for an additional fee) as well as wireless connection to the internet at a small charge for those who have their own laptops. Outside the hotel, on the beach, you can play volleyball and beside the swimming pool you can also improve your basketball skills. On the terrace, we organize cinema showings on the big screen, in order to experience culture and sport through the medium of films.

THE ROOMS...

... are comfortable and quiet since the hotel is situated so close to the beach. There are a variety of appliances in each room including television, radio, hair dryer and telephone. Students are accommodated in quadruple rooms with en-suite bathroom and toilet. All rooms have balconies and air-conditioning. Triple, double or single rooms are available at an extra charge.
