## *Welcome to the beautiful and sunny island of Cyprus!*

We are the first international summer camp in Cyprus, with 15 years of experience! We are aware that the quality of the accommodation and the teaching are very important elements of language trips for foreign students. For this reason, we have great pleasure to announce that since 2015, we have upgraded our summer camp and we have a new residence and a new school building. We will be offering a variety of new programmes during the year as well as creating new study and activity programmes for summer.

Students stay in the 3-star hotel, situated right on the beach in Limassol. All facilities such as kiosks, coffee shops, restaurants and night-life are just a short walk away as we are based in the main tourist area of the town. Our new school premises are located close to the hotel, only 4 minutes walk away!

Cyprus is the best place to combine study with great holidays! This is due to the fact that Cyprus was a British colony and nearly everyone speaks English. That is why you can practice your language skills whilst enjoying the beach and the sunshine! The island boasts 350 days of sun per year and to cool off in the summer months you can swim in the hotel pool, in the sea - which is right on your doorstep - or enjoy "the biggest splash on the island" at the Waterpark of Limassol. Cyprus has a rich and varied history and students have the opportunity to visit many interesting places and to enjoy the rich culture, traditions and cuisine of the island.

We provide stimulating and effective language programmes which meet the needs and requirements of our international students. One of our main objectives is for the students to learn to co-operate with others and to develop a variety of language and social skills through innovative and modern methods. Students find the lessons fun and inspiring because they are conducted in a very different manner to what they are used to at school. They learn to communicate and interact with people from other countries and other cultures. This leads to mutual understanding and tolerance towards others and strong friendships are created which continue, even after the students leave Cyprus.

We hope that you find all the information you need about our school in this brochure but please contact us for any queries you may have.  
We look forward to welcoming you soon.

School Principal

# SCHOOL

The English Sunny School of Cyprus was founded in 2000 and it was the first international summer school in Cyprus. Our school has been offering English language learning to international students in Cyprus for 15 years. The school is based on the concept that lessons can be fun and interesting whilst being dynamic and educational too.

All the native English speaking teachers are fully qualified and have a lot of experience with teaching mixed-nationality courses. They are able to take full advantage of the inter-cultural potential of their students and they encourage co-operation and communication. Nationalities are mixed so that interaction in the lesson is always in English.

## Location

Since 2015, we have the pleasure to hold lessons at our new school premises. The school is just across the road from the hotel. Our teachers come to the campus to pick-up younger students and teenagers to walk together to the school. Next to the school, there is a shop with snacks.

## Classrooms

The classrooms are all air-conditioned and have access to wifi so many of the lessons involve the use of the internet and the creation of projects. Adults have lessons in groups of maximum 12 students, young students 6-11 years old have lessons in mini groups of 4-8 students, teenagers are 11-15 students per class, although it is often less.

## Welcome Pack

Students are provided with notebooks and pens for taking notes in class and with activity worksheets which are placed in files. Each student therefore has his own personal record of his stay at the school.

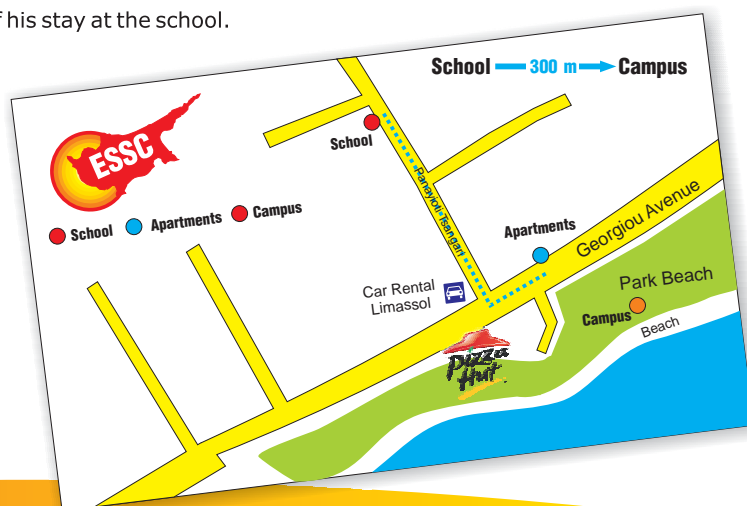

## First day and last day

Students take a placement test soon after they arrive and are allocated to classes according to their level. All the students take a test at the end of their stay and they receive a certificate with their grade.

## Timetable

Morning classes for juniors, teenagers and adults: 20 lessons per week of 50 minutes (not 45 as many other schools so students have 100 minutes extra per week!)

From 9:00 am till 1 pm with 2 breaks.

# OUR CAMPUS

In 2015, we upgraded our accommodation and students stay at the Park Beach Hotel 3\* or in the Park Beach Apartment Residence across the street which are on the seafront in the tourist area of Limassol. The hotel is situated right on the beach so students are close to the sea for swimming, beach activities and the water-sports centre. It's a family run hotel with friendly staff. Close to the hotel there is a wide variety of stores, coffee shops, bars and restaurants as well as the ever-popular ice cream and frozen yoghurt shops. It is also on the main bus route to the old town and to the mall with

buses operating frequently in both directions. The pedestrian promenade and bicycle lane start from just outside the hotel and run all the way along the seaside as far as the marina.

## Services and facilities

At the hotel there is a main pool and a children's pool with sunbeds, umbrellas and a pool side bar to buy drinks and snacks. There is free wifi in the public areas and a 24 hour a day reception service. In addition, there is games area, TV lounge with billiard table and a fitness centre.

## Special discounts for students

We have arranged for our students to have special prices for all their drinks and they are given a discount card on arrival which entitles them to the reduced rates.

## Rooms

The students stay in 4/5 bedded rooms although single or double rooms can be booked by adults for an extra cost. The rooms are spacious, well-equipped and tastefully decorated. Some rooms also

enjoy a sea view. All rooms have their own bathroom, veranda, phone, television and air-conditioning.

## Meals

Meals are served in the main restaurant and are self-service with a full buffet. Every day, there is a big variety of delicious food to suit all tastes. Cold water is provided in jugs, free at all meals, for all ESSC students.

# SUMMER CAMPS

## Teenager camp 11 -18

This is an all-inclusive package for teenagers to learn English and to have fun in the sun too! Students stay for a minimum two-week period at the campus on a full-board basis. It is a great opportunity for young people to make new friends, develop learning skills and to exchange information about other countries using a common language of communication.

Students attend 20 lessons of 50 minutes of English each week. Lessons are in mixed- nationality groups of maximum 15 students, although there are usually less. After breakfast, students go to class which starts at 9 am in the morning and there are 4 lessons a day till 1pm. There are 2 breaks of 15-20 minutes. The emphasis is on conversational English to develop communication skills.

Teenagers 15+ have also the possibility to book 20 IELTS exam preparation lessons per week instead of general English.

### **New technology during lessons of summer camps**

We believe that it is very important to develop students' English together with their on-line abilities since they will require these skills for future study and in the workplace. In order to present students' collaborative work during the summer camp, we have recently introduced an on-line magazine which is posted regularly on our fan page [www.facebook.com/sunnyschool](http://www.facebook.com/sunnyschool). The magazine has photos and videos taken by students, written work such as poems and short texts, as well as special offers, competitions, games, language learning sites and interesting information.

We have developed an exciting activity program with excursions. Students will have the time of their lives with us! Since the language of the school is English, all the activities are conducted in English too, so learning goes on both in the classroom and outside it too..

## Junior camp 6-10

This is a tailor-made programme for young children. The youngest children, 6-8 years old, are accepted with parents on the parent & child programme, or in a group with the group leader. Children 9-10 years old can come on their own with special airline assistance. Our school representative collects the child from the airport directly from the airport personnel.

Juniors follow a different programme to teenagers and have lessons geared towards learning English through fun and games. Lessons are held in modern, air-conditioned classrooms and are maximum 4 - 8 students. They will have 20 lessons of English a week. Our teachers are experienced in dealing with young learners and so can adapt the classes to the students' needs and motivation.

They stay at campus on full-board basis. Young students follow their own activities programme adapted from the teenage programme – basically they join in with some activities but they also have their own special games and fun events. There is a supervisor for them 24/7 so that they always have someone to help them with day-to-day tasks such as washing clothes, getting ready in the mornings and making sure that they are eating well and healthily. We take special care 24/7.

## Day Camp

For children who do not stay at the student residence but in another hotel with their parents, we offer the possibility for them to join one of our summer camps - with English lessons in the morning and activities in the afternoon . They can join in some of our evening activities too. Children receive a hot lunch from Monday to Friday at the campus. They may also have the evening meal, for an extra cost. Teenagers can also join our weekend excursions (pack lunch is not provided).

# ACTIVITIES

We have created a full activities programme for juniors and teenagers which aims to enhance their language and co-operative skills whilst they have fun and make friends. Juniors 6-10 years old usually follow a different programme than teenagers.

The 2 week activity programme includes, not only afternoon and evening activities every day, but also interesting excursions which give our students the opportunity to discover the history of Cyprus and the beauty of the island. We organise the following excursions:

- Two full-day trips to one of following places: the waterpark, Paphos with ancient amphitheatre at Curium, the capital of Cyprus – Nicosia, Larnaca city with Ayia Napa beach
- Two half-day trips to: Curium beach, Limassol old town with marina

## Afternoon activities

After lunch, between 2 pm – 3:30 pm students can choose to relax by the pool or participate in one of the optional new clubs run by our teachers! It is an additional opportunity to improve communication skills!

- **BOOK CLUB** – for those who want to discuss literature and/writing
- **FILM CLUB** – for anyone who wants to discuss films/documentaries

- **COFFEE CLUB** – extra conversation practice
- **CYPRUS CLUB** – all about Cyprus history, traditions, mythology  
Between 3:30 pm – 7:00 pm, juniors and teenagers participate in a variety of activities adapted to their age and interest. We organise sport games on the beach, water sports, social activities and half day excursions. Students can enjoy the fantastic sunny weather, integrate with students from different countries and are encouraged to speak more in English! We try to change the activities every 3 weeks as much as possible, so that it is more fun for those who stay longer than 2 weeks!

# PARENT AND CHILD

The Parent & Child package is a specially developed programme for families travelling together who wish to spend holidays in the same place. By joining in age appropriate courses and activities, it allows both to enjoy an active and fun vacation, whilst improving English skills.

We have created a variety of packages to answer to specific needs: one parent travelling with one or more children, 2 parents travelling with one or more children, parents who would like to take English lessons or just relax on the beach! Younger children will stay in the same room as their parents. If 2 adults are travelling with children 11+, the children may stay in a room with other students of a similar age. The programme features separate components for parents and children, but they can enjoy some afternoon, evening and weekend activities and excursions together too.

**Kindergarten (age 2-5)** – children of pre-school age can attend a nursery school close to the campus, available from 8 am till 1:30 pm with the option of staying later, until 6pm. Children have the opportunity to interact in English with pupils of their own age from different countries. They spend their time doing activities like games, songs, art and handicrafts. The teachers concentrate on the development of social and personal skills. The pupils study basic numeracy, problem solving and reasoning. In this creative environment they gain knowledge and understanding of the world around them.

**Babysitting (age 1-6)** – there is also a babysitting option available for the age group 1-6. Parents can leave their child knowing that they are in safe hands, at any time of the day, and, by special request, in the evenings too. Children have a great time, outside the classroom, playing in English and learning new vocabulary.

**Juniors (age 6-10)** – young children, between the ages of 6 and 11, join our Junior Summer Camp. In the mornings, they attend class from 9 am to 1 pm learning English through play, songs and fun activities. They have in total 20 lessons per week in small groups of maximum 8 pupils. . Children may also take part in the afternoon and evening activities, specially designed and adapted for them so that parents are free to relax or explore the island.

**Teens (age 11-16)** – children between the ages of 12 and 16 will join the Teenager Summer Camp. In the mornings, they attend language class from 9 to 1pm . They have in total 20 lessons of English per week in groups of

maximum 15 students. Classes are based on the communicative methodology and students are able to speak with and integrate with their peers, from all over the world. They may take part in afternoon and evening activities which offer an extra opportunity for language practice and making friends.

**Parents** – adults have a choice – they can relax by the hotel swimming pool or on the beach or they can attend English class too!! Lessons are with other adults and students 16+ on the same level, adapted to suit the individuals in the class. Parents' lessons take place at the same time as the children's lessons - 9 am until 1 pm. Parents who wish to learn more, can chose individual lessons, two-to-one lessons or take afternoon Business English which is hold in mini groups. Alternatively, parents may take excursions or practice activities, knowing that their children are at our campus, supervised by our teachers and school staff.

The parent and child programme includes the return transfer from / to airport.
