

# Family English

For clients who can not imagine their vacation without the whole family on board abroad, we have prepared a special language learning programme which is called “Family English”.

This programme was created in order to offer parents the opportunity to travel with their children on a language course so that all the family can learn English together!

We believe that such programmes are very effective, since young students are more willing to express themselves and feel more comfortable during lessons with their family members close to them. This leads to better results from the classes, since it is a great way for parents and children to spend quality time together. The course is prepared according to the number of family members and their level of English.

The standard programme includes 10 private lessons for the whole family, which may be shared and can be taught in different combinations. For example, 5 lessons for the whole family and 5 lessons for the children only or 5 lessons for parents and 5 for kids – whichever combination is required. It is also possible to increase the number of classes for an additional cost. Lessons are adapted for the family's needs in order to meet their requirements and expectations from the course. The teacher will be available during different types of family activities, like shopping, meals and excursions.

And all this takes place on the beautiful island of Cyprus which boasts 330 days of sunshine per year!

# Active family: English, Fitness & Spa Programme

This is a tailor-made program for active families. If you find lying on the beach during your vacation unexciting and unhealthy, and would prefer to get more out of your free time, this programme will definitely suit your needs. Each day will be filled with language courses, fitness training, on excursions and relaxing at the Spa. This is an excellent opportunity to combine leisure and English at an affordable price!

One week programme for a Family (for 3-4 family members arriving together. If the family has 4 members, at least 1 child should be under 12 years old)
