The Albanian Riviera has preserved its charm. It is a relatively un-discovered place which, despite its extraordinary beauty has not yet been overrun by tourists. Saranda is the perfect place for active holidays! Mysterious Albania is a country where everyone loves to play and enjoy the holiday time. The inhabitants will be willing to teach tourists some of the most important phrases in Albanian and they will show them the steps of the popular dance, called "kolo". Saranda is located in the southern part of the Ionian Riviera. It is the largest and the most famous seaside resort in the country and it has been justly called "the Pearl of Albania". It has been built on the slopes of the hills, where the buildings descend smoothly towards the wide bay of Gjiri and Saranda, with a pleasant Mediterranean climate.

**FUN ENGLISH** is a practical, natural method for learning English without stress, which involves learning outside the school walls, together with lots of sightseeing and fun of activities. This is the programme of exploring a new country. Thanks to their continuous contact with usage of spoken English, the participants will quickly be able to break down barriers of communication and start using their English language freely! Conducting classes during sightseeing trips or while shopping trips give students the opportunity to use the language in everyday situations. This trip is a great opportunity to try out language skills in practice. Language workshops are run by the teachers who work outside the school environment, the lessons include:

- Role play with tasks to do in the city
- Acting out scenes from everyday life (shopping, asking for directions, etc.)
- Quizzes, games and puzzles in English
