About Us

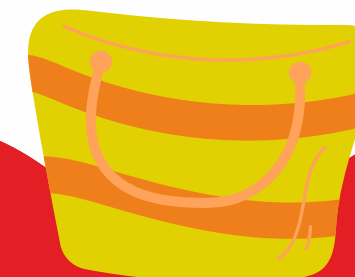

LEARNING ENGLISH IN A FUN WAY!

Established in 2000, ESSC is one of the first and longest-standing international centers for English learning. We chose Cyprus for its perfect blend of sun, sea, and the opportunity to learn English from native speakers. Situated in the EU and easily accessible from all over the world, our Limassol campus provides a unique experience for students of all ages. We offer a combination of fun activities on land and sea, intensive English lessons focused on improving grammar and communication skills, and an enriching cultural experience through social interactions with students from around the globe.
